

LTR Industries is looking for a **Cabinet Maker** to join our growing team. Reporting directly to the Lead hand of the department and the Shop Foreman, you will bring knowledge and a strong ethic.

ABOUT US:

- LTR Industries (Ottawa) Limited supplies Commercial Millwork to the general construction industry, Interior Designers and individual commercial/residential clients and offer complete design/build services, or pre-costed tendered jobs.
- LTR Industries' one-stop-shop approach makes excellent architectural millwork a seamless and painless experience for architects, general contractors, interior designers, and commercial enterprises.

WHY WORK WITH US:

- A high-paced and creative environment, where all team members have an opportunity to contribute. Our employees have the freedom to present new ideas and find creative solutions to help us drive our growth and continuous improvement model.
- Recently added a 25,000 sq feet State of the Art facility with a focus on Employee comfort and Safety.
- We're a family first company, that goes above and beyond for its family (employees) by providing a working environment that is value driven and focused on doing worthwhile work.
- We are a company that supports life-long learning. We support your personal and career development. We provide in-house courses, extensive training, and many other resources to enable our employees to achieve their personal goals and be successful in their careers.
- We believe in your potential. If you're looking to develop your expertise with learning opportunities and mentoring, we'll make that happen. Your growth path is in your hands, and you'll have ongoing meetings with your manager to help determine your path.

- At LTR Industries, we understand that experience comes in many forms. We're dedicated to adding new perspectives to the team - so if your experience is close to what we're looking for, please consider applying.

RESPONSIBILITIES:

- Construct and assemble cabinet components, making sure that all pieces fit the dimensions specified by the lead hand and the client.
- Fabricate and build various cabinets, kitchens, vanities, and wall units in accordance with specifications and customer requests.
- Verify and double check all materials and calculations to ensure alignment of doors, hinges, and side panels, always using blueprints or design plans for reference.
- Be exact in measurements and markings so that materials will be used efficiently, and the projects will meet budgetary restrictions.
- Install the appropriate hardware, such as hinges and handles, and order replacement materials when needed.
- Reinforce joints and attachments to maximize sturdiness and durability without compromising aesthetic appeal or functionality.
- Developing work completion timeline.
- Perform work in a productive, diligent, careful, and safe manner.
- Read, interpret, and verify blueprints and drawings.

REQUIREMENTS:

- An eye for detail
- Strong technical skills
- Good arithmetic skills. Excellent teamwork
- Attention to detail.
- Good communication skills
- Ability to adhere to company's safety policies
- Basic knowledge of different types of materials
- Ability to meet tight deadlines without sacrificing workmanship.
